Spring Newsletter

September 24 2026

Happy Spring!

Welcome to our Spring edition! The sky has been volatile but there's nothing better than seeing that fresh bright green insisting its way out of those winter-weary boughs. Poetic maybe, but after the long cold sleep, Cape Town is coming alive again and we couldn't be happier. Read on if you are interested in some of the exciting things past and coming up soon.

WOEFIE WANDEL - 20 SEPTEMBER

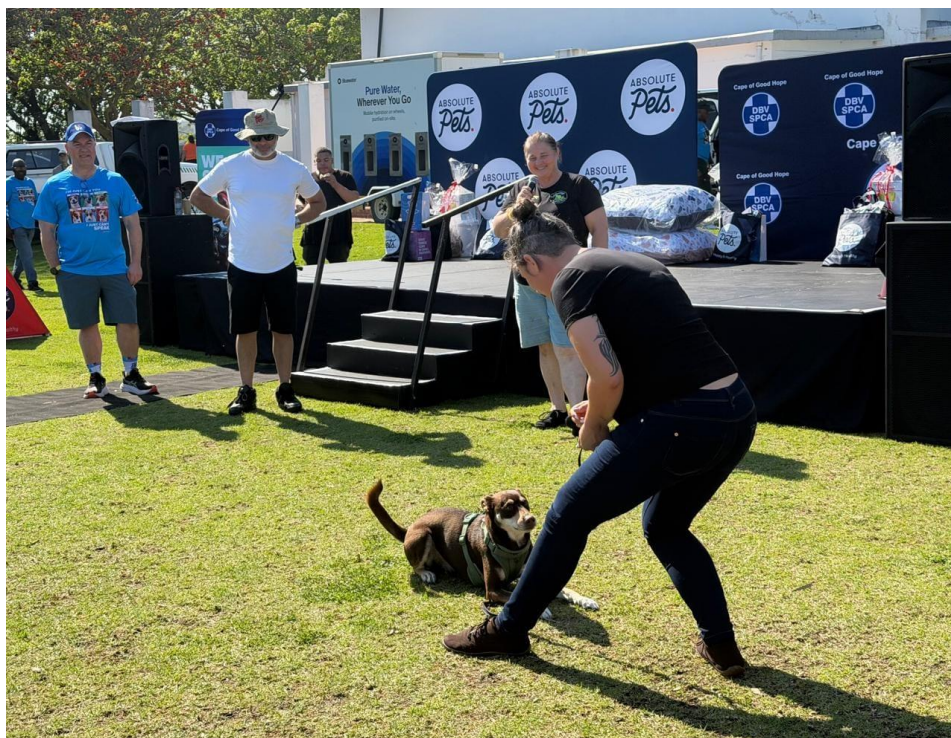

After its initial postponement due to strong winds a few months ago, all systems were go for 20 September. Talliwags was approached by the organisers (SPCA) to provide some light entertainment for the hundreds of pet owners and pets that descended on Reddam Field in Greenpoint.

We were so blessed to be supported by our favourite Marion and Bandit(Deep South Dogs), Judy Post (our resident puppy class host and COAPE behaviourist) and Lauren (dog trainer with Shimmer and Cooper).

We set up our stall at some ridiculous hour of the morning and by 10am had an audience of excited doggies and colourful pet owners. Sr Liz did a brief speechify and then Tammy took over the mic to help Marion, Bandit, Lauren, Shimmer and Cooper put on a fabulous display of their skills. Judy was on hand to chat to people about behaviour too.

It was a perfect day and we are hoping to be back next year for more fun in the sun.

TALLIWAGS INDOOR SPRING MARKET - 4 OCTOBER 2026

Our quarterly market is fast approaching. Each season it seems to attract such talented vendors and this Spring is no exception. We will be offering our beautiful Balika's Nepalese cuisine for lunch and snacks. If you have been before and tasted her food, you may just come for that.

Our markets focus on local business, artisanal creators, natural, homemade and all-round chillaxing. This season we have curated yet another assortment of talented people whose products will ensure you come away with unique and high quality items.

If not for the great gifts, it's worth a look in for Tammy's creamy fudge and Sr Liz's chocolate mud cake and pancakes. 4 October 10am-2pm - We would love to see you there!

NEW PRODUCT LAUNCH FROM TALLIWAGS WELLNESS VET NURSE FACILITY

SUPPERBOOST SACHETS - 3 health issues. 1 natural daily topper.
(Formulated by Sr Liz)

100% human-grade wholefood nutrition for skin, gut, and joints. No synthetic fillers.

Sr Liz has been working hard behind the scenes at Talliwags Wellness World to create something truly transformative for your pet's daily bowl: a 100% human-grade, wholefood topper that solves three major health issues in one single scoop.

"After 20 years in animal welfare and veterinary nursing, I kept seeing the exact same issues over and over: stiff joints, dull itchy coats, and sensitive, unstable stomachs. Most commercial toppers on the market rely on synthetic fillers or micro-doses of key ingredients that simply don't yield clinical results.

*I formulated **SupperBoost** to deliver precise, active, therapeutic percentages of bovine collagen, cold-pressed omega-3s, and live probiotics in every single serving. No fillers, no chemicals—just pure, functional wholefood nutrition."*

— Sr Liz (Qualified Veterinary Nurse)

What Makes SupperBoost Different?

Most commercial supplements only target a single symptom. SupperBoost combines **9 active, synergetic wholefood ingredients** to give back the vital nutrition that processed commercial dog food lacks.

- **Joint Cartilage & Mobility:** Bovine Hydrolyzed Collagen, Turmeric Curcumin, and Black Pepper Piperine Extract.
- **Gut Health & Nutrient Absorption:** Probiotics, Debittered Brewer's Yeast, and Gentle Oat Fiber.
- **Skin, Coat & Anti-Inflammatory:** Cold-Pressed Flaxseed Meal and Milled Chia Seeds packed with natural Omega-3s.

By combining these natural, therapeutic ingredients, SupperBoost supports your dog holistically without the synthetic chemicals that can do more harm than good.

Easy Pre-Measured Daily Sachets

Whether you have a pocket-sized pup or a giant breed, getting the exact daily therapeutic dose is completely hassle-free. SupperBoost sachets are formulated across exact weight categories:

- **Small Dogs (<10 kg):** 2.5g daily dose
- **Medium Dogs (10–20 kg):** 5.0g daily dose **R80.00**
- **Large Dogs (20–40 kg):** 10.0g daily dose **R150.00**
- **Giant Dogs (>40 kg):** 15.0g daily dose

Formulated with care and science at Talliwags Wellness World.
